## Prequalification

# Prequalification

Litepros International was formed in Dubai in 1995 to provide high quality LED & Fibre Optic Lighting solutions for the retail, hospitality, residential, commercial and leisure markets. Litepros quickly became known for innovative, and design focussed consultation & reliable supply. In the early part of the last decade, LED lighting started becoming more prominent for decorative lighting schemes and Litepros was quick to add a wide range of LED based products into its portfolio.

Since then, Litepros, Fibrepros & Lumensense have supplied on some of the most iconic and prestigious projects around the Middle East and Asia.

With an impressive list of clients such as, Emirates Airlines, Emirates Palace Hotel, Jumeirah Group International, Marina Bay Sands Singapore, Mall of the Emirates, The Dubai Mall, Wafi Shopping Mall, Emirates Towers, Abu Dhabi Mall, Marriott Hotels & the Burj Al Arab and many others including residential and palaces, we guarantee to have the experience, local knowledge, and professional knowhow to ensure projects are completed successfully and on time within budget.

When it comes to LED & Fibre Optics, nobody does it better!
